GAG AND ROB GIRLS.

Shameful Treatment Couple Got at Rascals' Hands.

ACTS OF SCOUNDRELS

By Means of Advertisements Representing Them to Be Theatrical Agents They Succeed in Luring Victims.

Chicago, Feb. 5.—Two men who had represented themselves to be theatrical agents bound and gagged and then robbed Miss Grace Mickles, a college student, at Bloomington, Ill., Sunday. A short time after Miss Mickles reported her loss to the police, a second victim, Miss Annie McNamara of Kenosha, made a complaint against the men. The alleged swindlers several days ago rented a room in a North Side boarding house, gave their names as Edward Roberts and Frank Richmond. By means of advertisements in the newspapers they got into communication with their intended dupes. Miss Mickles declared she was induced to come to Chicago from her home in Bloomington, and upon presenting herself at the so-called office of the men, was seized and bound in a chair. Paper was stuffed into her mouth so that she could make no outcry and her rings and purse, containing a small amount of money, taken. Miss McNamara said she paid the men \$10 for which they were to secure for her a position in a theatrical chorus. She left her valise at the place, and when she returned the pseudo agents had fled.

ABOUT THE SAME.

Imports and Exports Between United States and Italy Nearly Equal.

Washington, Feb. 5.—A statement prepared by the department of commerce and labor shows that the commerce between Italy and the United States in the fiscal year 1905 aggregated \$77,500,000, almost equally divided between imports and exports.

As a market for American products Italy outranks Belgium, Cuba, Australasia or Argentina, and exceeds by over 100 per cent the market offered by the entire continent of Africa.

Our imports from Italy in the same year were valued at \$38,628,579 against \$34,296,146 from India, \$27,854,518 from China, \$25,882,455 from Belgium, \$21,718,749 from the Netherlands and \$11,245,622 from Africa.

In thirty years our trade with Italy has aggregated considerably more than \$1,000,000,000, of which \$586,000,000 represented imports and \$520,000,000 exports.

GREAT DAMAGE DONE.

East St. Louis Has One of the Most Destructive of Fires.

St. Louis, Feb. 5.—The Union Elevator at East St. Louis, containing 1,000,000 bushels of wheat, was totally destroyed by fire Saturday night. Loss is \$1,250,000. The fire spread to the stables of the St. Louis Transfer company, and 200 horses and many wagons were burned in addition to the building. The company's loss is \$38,500.

Oil tanks of the Waters-Pierce Oil company, four in number, each containing 1,000 gallons of oil, were ignited and exploded. Three strings of freight cars and seventeen dwellings were covered by the burning fluid, and were consumed. This loss is \$37,000. Total loss is about \$1,816,500.

NOTICE.

I, the undersigned, join in the foregoing appointment.

J. W. Doremus, Chairman of the Democratic Executive Committee of the City of Bryan.

NOTICE.

The Democratic Executive Committee of Bryan is notified to meet in executive session at 4 o'clock p. m., Tuesday, February 6th, 1906, at the office of Doremus & Butler to consider whether or not the democratic party of the city of Bryan will make nominations of candidates for the office of Mayor and two Aldermen, and consider such other matters as may come before the committee.

J. W. Doremus, Chairman of the Democratic Executive Committee of the City of Bryan.

POSITION IS PECULIAR

More Work In Chicago Postoffice Than Force Can Do.

NINE HUNDRED KEIT

Basily Enraged and Having to Put In Extra Time, Still the Mail Matter Continues to Accumulate Daily.

Chicago, Feb. 5.—Chicago, with one of the finest postoffice buildings in the country, is utterly unable to handle its mail business. For the first time in four years the full force of 900 clerks in the mailing division was required to work Sunday to relieve the congestion that has clogged the machinery since Feb. 1. Although the clerks have been working from ten to twelve hours a day hundreds of bags of mail are left undistributed each night. Important mail for business houses is hours late in being received and sent out, and complaints of the inadequate service have been piling up in Postmaster Busse's room for several days.

Pneumatic tubes in the new postoffice, which cost \$120,000 to install, are useless because there are not enough clerks to take the mail promptly to them, and they are idle much of the time.

Machinery in the new building, which costs \$200,000, is also proving more of a hindrance than a benefit, because it requires quite a number of clerks to operate it, and that number has been taken from the regular force, which was inadequate before.

While the government officials at Washington are aware of the conditions they have said that Chicago cannot expect relief before July 1, when next year's appropriation becomes available.

Postmaster Busse goes to Washington to make once more appeal for more help. Several days ago he was told by First Assistant Postmaster General Hitchcock that Chicago would have to get along as best she could, because the last congress had enacted a law making the heads of departments criminally liable if they exceed their appropriations, and there was no money to give to this city.

GERMANY GLOOMY.

Government Doubts if a Provisional Arrangement Can Be Made.

Berlin, Feb. 5.—Inquiries made at the foreign office regarding the German-American tariff question elicited the information that this government is very pessimistic, even doubting that it will be possible for a provisional arrangement with the United States which Germany would accept.

Germany is anxious to avoid a tariff war and will go to great lengths in making concessions which would render a temporary arrangement possible till a treaty can be negotiated, but it is evident that the foreign office regards the suggestions hitherto made by the United States as unsatisfactory.

It is learned at the foreign office that the bundesrath has not yet considered Germany's course after March 1, when the new German tariff goes into effect, in the event of no arrangement having been made between the two countries, but something is expected to occur within a few days in negotiations between the United States and Germany which will tend toward clearing up the situation.

TOWARD GULF COAST.

Coldest Point In Southwest Monday Morning Was Springfield, Mo.

Kansas City, Feb. 5.—The cold wave centered in this part of the southwest Sunday night moved toward the Gulf of Mexico, according to reports received Monday at the local weather bureau. The coldest point in this section Monday morning was Springfield, Mo., where it was two degrees below zero. Zero weather prevailed in northern Missouri and throughout Kansas. Other temperatures were reported as follows: Oklahoma City, 6 above; Muskogee, 1 T., 8 above; Fort Smith, Ar., 10 above; Amarillo, Tex., 8 above; Abilene and Fort Worth, 14 above.

WISCONSIN WEATHER.

At Superior Mercury Dropped to Twenty-Six Below Zero.

Milwaukee, Feb. 5.—According to the weather bureau Wisconsin experienced the coldest weather of the winter Monday. The coldest place in the state was Superior, where the thermometer dropped to 26 below zero. At Lacrosse it was 15 below, a drop of forty degrees in two days. Government records gave Green Bay 10 below and Madison 8 below. At Milwaukee the thermometer showed one and one-tenth degrees below zero.

Traffic Delayed.

Cleveland, Feb. 5.—Snow fell all over northern Ohio more than twenty-four hours with the result that traffic was badly delayed.

THE MORNING EAGLE

Entered at the Postoffice as second class mail matter

BY CARNES & WALLACE.

BRYAN, TEXAS, FEB. 6, 1906.

A call for a meeting of the Democratic Executive Committee of the City of Bryan appears elsewhere in the Eagle, the purpose of the meeting being to consider whether or not the democratic party of the city will make nominations for city offices. The Eagle hopes the committee will decide in favor of nominations, and that the nominees chosen later will be in full accord with the spirit of advancement which has enabled Bryan to forge ahead of all rivals in substantial growth and prosperity. Bryan has accomplished much in the past few years, but there is still much to be done, and the selection of city officers is always an important thing to consider. The Eagle also believes that party organization should be actively and continuously maintained, and the party should demand more and better public utilities in the way of water, lights, sewerage and sidewalks, as well as efficient public service.

CRACKS AT CONNELLY.

Mr. W. P. Connelly, late of the Bryan Eagle has been appointed state printer, vice Ed Smith, deceased. Connelly, here's our ; may you save the state \$8 and cover yourself with glory.—Calvert Courier.

W. P. Connelly, lately of the Bryan Eagle, was unanimously elected State Expert Printer this week. We have known Mr. Connelly for some years and there is no one who is better qualified to fill the office to which he is elected and we wish him unbounded success in his new field.—Central Texan.

PAIR OF BIG LEMONS.

Millican Tex. Feb. 3.—The writer saw an account of a speech made by Mr. Stanley H. Watson in New York City in which he said that in Texas lemons were growing large enough that one would make lemonade for a Dutch wedding. Here he is about right. Mrs. P. H. Arrington has pulled from a lemon tree grown as a pot plant two lemons weighing 1½ and 1¼ pounds, respectively. It is very likely that plants cultivated in larger space would produce larger fruit.

For Sale—Three 7 month old Poland-China gilts. \$5.00 each. Full blood. Apply to M. E. Wallace at this office. tf

OPERA HOUSE TONIGHT.

The "Beggar Prince" Opera Company held the boards at the Grand opera house yesterday, matinee and night, playing the "Beggar Prince" in the afternoon and "Fra Diavolo" at night. It is not saying too much to assert that there are many higher priced attractions upon the road which can not boast of as much merit. The voices are good and acting worthy of praise. Particularly fine is Mr. J. G. Taylor, who last night played the part of the brigand, Diavolo. He has a rich, powerful voice, which he uses effectively. Miss Gertrude Hutcheson, who takes the part of Zerlina in the "Fra Diavolo" and Bettina, the Rosebud in "The Beggar Prince," also possesses a voice well adapted to operatic work. F. W. Cleveland, who interprets the character of Lord Alcah in "Fra Diavolo," is a finished actor and makes a very good Englishman. Kittie Nice is good in the role of Lady Alcah. She has a good voice and her acting is acceptable. F. H. Wade and S. E. Brady as champions of Diavolo, furnish most of the humor to "Fra Diavolo." They are both good comedians.

The company played to good houses both afternoon and night, and all went away pleased with what had been offered them. Curtain calls were numerous and applause was generous. As the music is high grade, the "gallery gods" did not offer to run the show, a fact which gave general satisfaction. — Galveston News, Dec. 4, 1905.

MME. CALVE IN HOUSTON.

Mme. Emma Calve, the most celebrated singer before the public today, makes her first concert tour of America at a time when she is in the very zenith of her power and popularity. More praise has been lavished upon her in the last decade than ever has been given any artist of the operatic stage, and at this moment she more fully deserves these encomiums than at any other time of her career. There is—nay, there can be only one Calve.

In no other prima donna has there been combined the multitude of qualities—in voice, in mind, in person, in temperament, in expression, which, taken together, make Madame Calve deserve to be called great.

The programs have been arranged with a view to pleasing the public in the matter of selections made, as to permit Madame Calve and the other artists to appear at best advantage. Houston Theatre, Houston, Texas, February 7.

For Rent—Five room cottage; water works, bath and cistern. Apply to S. E. Rhodes or the Mrs. W. R. Rhodes home place.

Manager John B. Mike requests the Eagle to announce that the opera house will be made warm and comfortable tonight for the audience and the members of the "Beggar Prince" opera company who open two nights engagement.

Rev. B. A. Copass of Waxahachie passed through the city yesterday en route home after conducting a meeting in Navasota. He was accompanied by Rev. J. F. Moody, late of California, but now of Waco, who has been assisting in the meeting.

Mr. R. J. Deens and Miss Mary Deens request the Eagle to express to their friends and neighbors their sincere gratitude for the kindly and thoughtful attention given Mrs. Deens during her recent serious illness. Mrs. Deens is, we are glad to announce, rapidly regaining her accustomed good health.

An Austin special to the Galveston News relates the following accident to a former Bryan young man, much esteemed in this city: "Capt. Emmett E. Walker, secretary to the State Health Officer, met with a painful accident yesterday. While chopping kindling he nearly severed the big toe on his left foot. He had it sewed on."

Mrs. J. G. Harrison entertained a number of her college friends last Monday afternoon. Tables with cards were provided to amuse the guests, who spent a pleasant afternoon over euchre and high-five, and all played for the pleasure of playing. This card party marks the second evening's enjoyment since Christmas that Mrs. Harrison has provided for her campus friends.

On Thursday evening Mr. and Mrs. D. W. Spence of College entertained some of their friends on the campus, the guests for the most part being from the direct neighborhood of the Spence home. The gathering was delightfully informal, and the evening was passed pleasantly over games of whist and six handed euchre. After the cards were put by two courses of delicious refreshments were served and were enjoyed to the accompaniment of pleasant conversation.

Speaking of the baseball team at College, a special says there are not less than half a hundred youngsters trying for their places. Smith, the veteran pitcher, is back. Vories Braner, Jr., of San Antonio, is a likely candidate for second honors in the twirling line. Captain Hackney will go to the outfield, surrendering first base to Pennor or Williams. Beverly, a heavy hitter of two years ago, will again don the agricultural and Mechanical College uniform. The boys hope to crowd the winners of the State championship.

"Doted by the Rio Grande"

Many years ago the citizens of Laredo, Texas, and Nuevo Laredo, Mexico, conceived the idea of fittingly celebrating George Washington's Birthday February 22, by suitable "Mexican-American" fiestas, and from a small source this has grown to a magnificent Annual Event unsurpassed in its splendid surroundings and interesting particulars by anything of a similar nature ever held in Texas.

International in its character, located on the border line between the Great Republics, occurring at a season of the year when business cares press lightly, and at a time when weather conditions in that locality are ideal, this event offers unsurpassed inducements to the pleasure seeker.

This year the celebration will consist of five days' continuous festivities, February 21st, 22nd, 23rd, 24th, and 25th, and the program will comprise many new and interesting features, among which may be mentioned Famous Spanish Bull Fights, Cattle Roping Contest, Naval Fire Works on Rio Grande River, Gen. Washington Crossing the Delaware, Military Drills, Historical Pageants, and Trades Display, Flower Carnival, U. S. and Mexican Bands.

For this occasion low excursion rates will be in effect to Laredo, also for the benefit of those who desire to see more of Mexican life and customs arrangements have been made for the sale of excursion tickets to Monterey, Mexico, with ten (10) days' limit, permitting stop-over at Laredo to witness the International Celebration.

For further particulars, call on ticket agents, or write,

MOODY PRESENT.

Attorney General an Interested Observer at Parkers' Trial.

Chicago, Feb. 5.—Attorney General Wm. H. Moody was an interested observer at the opening Monday of the trial of immunity pleas advanced by the packers. He evinced great interest in the case, frequently whispering suggestions to District Attorney Mor-

Attorney General Moody, who conducted the case for government.

C. M. McFarlane, office manager for the Fairbanks Canning company, who was on the stand when court adjourned Friday, resumed his evidence. It related entirely to the number and character of books which he had shown to the agents of the government who made investigation under direction of Commissioner Garfield.

CAUSES SENSATION.

Resolution of Senator Patterson Created Considerable Interest.

Washington, Feb. 5.—Mr. Patterson caused a sensation in the senate Monday by introducing a resolution relative to the rights of senators in voting on treaties. Mr. Patterson's resolution recited that the action of the Democratic caucus indicating to senators how they should vote was a plain violation of the spirit and intent of the constitution of the United States; that each senator was entitled to one vote, and any attempt to coerce him was an invasion of the rights of a state; that any senator who permits himself to be so coerced weakens and degrades his state; that for any senator to vote otherwise than as his sense of duty dictates degrades his high office and assails the dignity and standing of the senate. The resolution was listened to with great interest by senators. Mr. Lodge had prepared a resolution similar to that of Senator Patterson, declaring that a treaty like the Santo Domingo treaty should not be made the subject of party election; but withheld it when he heard Mr. Patterson had proposed a resolution.

Mr. Tillman objected to present consideration unless it was a question of personal privilege. Mr. Patterson said it was not and gave notice that he would discuss the resolution Tuesday.

SLITS LADY'S DRESS.

"Jack the Slasher" Terrorizes Many of Fair Sex at Washington.

Washington, Feb. 5.—Mrs. Wm. Barton, the wife of a local physician, was the victim of "Jack the Slasher" while walking through a department store. The man followed Mrs. Barton for some time before slashing her black velvet dress. He inflicted a clean, even cut about two feet long, the blade of the weapon, which is evidently a long sharp one, extending almost to the flesh. Every effort will be made to apprehend the assailant, as the former experience with the "Slasher" in this city was costly. A large number of women then, as now, were terrorized.

TWELVE BODIES SEEN.

Frightful Results of the Explosion of a Bomb in Russia.

Berlin, Feb. 5.—The Lokal Anzeiger printed a dispatch from Kottowitz, Prussian Silesia, announcing a private house at Silce, across the Russian frontier, had been destroyed by the explosion of a bomb. The bodies of twelve persons can be seen in the ruins and it is believed many persons were killed.

CONTEST COMMENCES.

Both Trains Are Drawn by Speediest Locomotives Procurable.

St. Louis, Feb. 5.—A month's speed contest between mail trains on the Iron Mountain route and the Frisco-Missouri, Kansas and Texas roads combination to secure the government awards for carrying the southwestern mail began Sunday. The Frisco mail train started the race when its mail train pulled out at 2:30 a. m. to connect with the Missouri, Kansas and Texas road and transfer mail at Vinita, I. T. The Iron Mountain mail train departed at 3 a. m., carrying mail for southwestern points, among them being Little Rock, Memphis, Dallas, Fort Worth, Houston, Galveston, San Antonio, Laredo and the City of Mexico.

Both trains were stripped, consisting of only mail and express cars, and were drawn by the speediest locomotives procurable in the respective divisions. The speed contest will be continued daily for a month, and on the showing made the government mail contract for the southwest will be awarded. This is worth about \$150,000 annually.

The objective point of each train is Dallas and Fort Worth, Tex., the Iron Mountain train running on its own tracks, and the Frisco running over the Missouri, Kansas and Texas from Vinita, I. T.

The new service will cover half of Missouri, southwestern Kansas, Arkansas, Indian Territory, Oklahoma and practically all of Texas, and it is estimated will be a gain of practically a day in the mail service.

Texas and Pacific carried a train into Longview three minutes ahead of time and turned it over to the International and Great Northern. It arrived at Palestine on time.

Mr. Yoakum further stated that the cost would eventually amount to \$5,000,000, and there would be sufficient room for seventy-five tracks.
